

Next Steps flowing from Working Group 4. CMESG

Completing a draft for circulation and discussion.

Collecting background research to back up discussion within CMS:

Seek Commissions (from CMS?) for background reports, surveys, etc. to be part of CMS statements.

CMESG might issue a parallel document with an emphasis on - Pedagogical Issues / supporting documentation.

Possible Working Group CMESG 2004. [This might be on a joint theme – at the overlap of groups on Unstuffing the Curriculum and Flattening the University Curriculum.]

Related discussions at: CMS Math Ed Session – Vancouver December 2003, CMS Math Ed Session - Dalhousie June 2004 (Occasion to engage with Atlantic mathematicians.)

Engagement with other regional groups: Fields (math ed forum); PIMS (Changing the culture 2004), AMQ, Atlantic Group. The goal of Regional discussions, reflections, input).

Possible submission of discussion documents to regional newsletters, CMS notes. CMESG newsletter.

Share with other subject areas [Science, Physics, ...]

Report for discussion at CMS Education Committee for June.

Report as follow-up to CMS Forum group (CMS Math Ed Committee, Christiane, ...)
